dad come back. 8/10 This game is awesome guys I loved hide and seek as a kid and this game is the most fun version of a the childhood game. The characters in the game are well designed although they don't have a story each character has there own unique personality. In the game there are 2 modes the first you fight on even ground both players are capable of killing each other. The second one must hide and the other seeks each player is granted 30 seconds to kill the other before swapping positions of hunter and prey.

Positives+

+Fun Gameplay

+Unique characters

+Amazing art

+Soundtrack is great

Negatives-

[Need any other reason to buy this?. This game is legendary. probably the most realistic game I've ever played. It is insanely fun and intense. Truly an amazing horror game. It is incredibly scary and I assure you, you wont be sleeping for a while after playing this. There is nothing more satisfying than blasting your way through a bunch of little heads \(children\). I highly recommend this game for anyone who is looking for an extremely realistic horror game.. I love the premise of running a tavern, questing to improve your town and attract more customers, as well as leveling up your characters and upgrading your equipment to take on tougher challenges.](#)

[Unfortunatly, this game lacks polish. The actual questing and gameplay are very repetitive. Pathfinding and hit boxes feel clunky.](#)

[It's been fun for a few hours but without a deeper story or stronger motivation, I'm not feeling a lot of incentive to keep grinding.. Awesome little shooter. Addictive gameplay, and the price is right!](#)

Goog Game. We Need Rise of Legends Available on Steam though.. Take Clash Royale and make it 10x better :). Very simple and I absolutely welcome more of these, hope they make them more of a simulator game than a step-by-step hold your hand type game though.. Its free how can you complain?. the thing is it will not load in the station the bridges please do not waste your money.. This game has a very interesting theme and I would recomend you play it.

10V10. really fun have to get used to it. the game does not work black screen
